Street art festival in Area 19 - Rome, Italy

The biggest European writers/street art challenge will take place in the post-nuclear location of Rome, at the back of the terrible Bomarzus, in the heart of Area 19. If it is art when Banksy does it and degradation when you do it, if you're tired of the street diktat, if you want to have a voice and some means of expression, take the next step and join us on the 14th of May for the biggest event in history: the International Street Art Competition. Aesthetics at the service of politics, politics at the service of Aesthetics. International street art competition that took place in Rome the 13-14 of May 2011 during the festival “Tana delle Tigri 3” organized by Casa Pound Italia in the “Occupazione Non Conforme” (Nonstandard Occupation) Area 19. In the competition participated people from Czech Republic, Spain and Italy and was worth with an award of 300 €. The motto of the competition was:” L'estetica al servizio della politica, la politica al servizio dell'estetica”. (The aesthetics in the service of politics, politics in the service of aesthetics). This festival also included a martial arts exhibition, launch of the book "Riprendersi tutto" (Recover all) and concerts. This street art competition upset the political correct minds, and in Rolling Stone Italy online magazine there an article crying about the 'fascist graffiti competition. Fell free to publish the photos and text in your blogs, websites and magazines. Racial Regards from Spain.

Israel OK's over 1,500 new settler units
Israel-E. Jerusalem Settlement
MAKING A STATEMENT—Israel prime minister shows who's in charge by approving the construction of 620 additional units to illegal settlement at Pisgat Zeev in East Jerusalem just prior to his meeting with President Obama in Washington on Friday. Israel has once again defied international law by approving the construction of over 1,500 more illegal settlement units on occupied territories of Palestine, a report says. Israel's Interior Ministry Planning Committee has given the final approval for construction of 620 settlement units in Pisgat Zeev in northeastern Al-Quds (Jerusalem) and another 900 in Har Homa in the south of the city. The plan was approved on Thursday just hours before Israeli Prime Minister Benjamin Netanyahu was to leave for Washington, where he is to meet US President Barack Obama in the White House on Friday.

Netanyahu lectures Obama in Oval Office
AFP — Stephen Collinson
WASHINGTON — Israeli leader Benjamin Netanyahu lectured President Barack Obama in his own office, warning him not to chase "illusions" of Middle East peace and opening a deep rift in US-Israel ties. In a dramatic Oval Office appearance on Friday, after 90 minutes of talks, Prime Minister Netanyahu emphatically vowed Israel would never return to its 1967 borders and laid down a set of non-negotiable conditions for peace talks. The exchange, which left hopes for Obama's peace drive more remote than ever, came a day after the US president called on Israel to accept a return to territorial lines in place before the 1967 Arab-Israeli war.

Accused financier rapist swears allegiance to Israel
NSNS Research
In an interview with Emile Malet, editor-in-chief of the French magazine Passages (no. 35, February-March 1991), Dominique Strauss-Kahn, accused rapist and former head of the International Monetary Fund, revealed his devotion to Israel and the Jewish cause. Here is an English translation of his remarks, along with a copy of the French original: "In my view, every Jew in the Diaspora — and so it's true in France — must, wherever he can, provide support for Israel. Besides, that's why it's important that Jews should assume political responsibilities. The Jewish Community doesn't all think alike, but I believe it's necessary. For we can't complain if a country like France, for instance, has had in the past, and perhaps still has today, a too pro-Arab foreign policy and, at the same time, not try to reorient policy by [the efforts of Jewish] individuals who think differently, in allowing them to assume the most responsibilities. All in all, in my job and in my everyday life, through everything I do, I try to make it so that my own modest stone contributes towards the building of the land of Israel." The same M. Strauss-Kahn — who once engaged not merely in the sleezy rape of a chambermaid from Guinea, but in the financial rape and ruin of whole nations — is perhaps best known for this famous remark: "Every day when I get up I ask myself, 'what can I do to help Israel.'.

Strauss-Kahn's IMF golden parachute
The Washington Times — Emily Miller
International Monetary Fund (IMF) chief Dominique Strauss-Kahn was indicted Thursday on charges that he raped a hotel maid in New York City. Regardless of whether he is ultimately found guilty, the French politician will continue to receive IMF payouts for the rest of his life. The scandal raises serious questions about how US taxpayer funds are being used to subsidize the lavish lifestyles of international Bureaucrats. The move [to resign as IMF head] entitled the once- likely 2012 French presidential candidate to his contractual, tax-free severance pay of $287,287, or 65 percent of his 2010 salary Mr. Strauss-Kahn resigned his position. An IMF spokesman wouldn't confirm whether the big fat check was in the mail yet.

Former Israeli president sentenced to 7 years in jail for rape
The Washington Post
Former Israeli president Moshe Katsav was sentenced Tuesday to seven years in prison for rape, after being convicted of molesting women who worked for him when he was a high-ranking government official. Katsav had been convicted in December on two counts of rape as well as indecent assault and sexual harassment. In a majority ruling, the three-judge panel said Katsav had exploited his position to sexually assault and harass female subordinates when he was minister of tourism and during his term as president from 2000 to 2007.

Deutsche Bahn pulls out of Israel rail project
Financial Times — Tobias Buck
Deutsche Bahn, the German railway operator, has pulled out of an Israeli project that cuts through the occupied Palestinian West Bank, after pressure from activists and Berlin. The move marks a victory for pro-Palestinian groups and their so-called boycott, divestment and sanctions campaign, which tries to use economic pressure on Israel to help the Palestinian cause. Opponents said the project was illegal [under international law] because it used occupied Palestinian territory for a project that would be used primarily, or solely, by Israeli citizens.

Survivor of Hitler's last stand gives interview
Daily Express, London — Stefan Schnoor & Boris Klinge
Misch, Rochus-close crop Last survivor of the Bunker. In a Berlin suburb, just a few miles from Hitler's Führer bunker is a small, white detached house with a grey metal gate and crumbling plaster. It has, for many decades, been the home of Rochus Misch, the man who worked as Hitler's bodyguard between 1940 and 1945. He is the last living witness of the dictator's [voluntary death] and the only surviving member of the bunker's staff. Now 93, housebound and terminally ill, Misch says: "This is definitely going to be my last appointment with the press. Misch's conscientiousness was held in high regard and, after his recovery [from a chest wound during WWII], his company commander Wilhelm Mohnke recommended him for the Führerbegleitkommando (Führer's SS escort).

Jews demand sacking of Belgium's justice minister
The Daily Telegraph, London — Bruno Waterfield
Jewish Nazi hunters have called for Belgium's justice minister to be sacked after he backed an amnesty for thousands of Second World War Belgian collaborators. Stefan De Clerck, a Flemish Christian Democrat, has polarized Belgium, fuelling the country's one-year political crisis, by supporting a blanket amnesty for the 56,000
Belgians who were convicted of collaborating with the Nazis after the war. "Perhaps we should be willing to forget, because it is the past. At some point one has to be adult and be willing to talk about. perhaps to forget, because this is the past," he said at the weekend. Shimon Samuels, the Wiesenthal center's director for international relations, called for Mr. Clerck to be "promptly removed from his ministry, his party and shunned from the political arena.

Top lawmakers agree to Patriot Act extension
Associated Press
Top congressional leaders agreed Thursday to a four-year extension of the [so-called] Patriot Act, the controversial law passed after the Sept. 11 attacks that governs the search for terrorists on American soil. The deal between Senate Majority Leader Harry Reid and House Speaker John Boehner calls for a vote before May 27, when parts of the current act expire. The idea is to pass the extension with as little debate as possible to avoid a protracted and familiar argument over the expanded power the law gives to the government.

Supreme Court turns down torture lawsuit
The Huffington Post
The Supreme Court on Monday refused to revive a lawsuit challenging a controversial post-Sept. 11 CIA program that flew terrorism suspects to secret prisons. The appeal asked the court to examine two controversial aspects of the US response to the 9/11 attacks, "the extraordinary rendition" program that sent the suspects to secret prisons and the "state secrets privilege". The case involved five terrorism suspects who were arrested shortly after 9/11 and said they were flown by a Boeing Co. subsidiary to prisons around the world where they were tortured.

Justice Scalia defends torture as constitutional
NPR
Supreme Court Justice Antonin Scalia says he doesn't see anything in the Constitution that prohibits the torture of detainees for the purpose of getting information. Scalia told a BBC interviewer that torture would be unconstitutional if it were inflicted as a punishment [but would not be cruel and unusual if used for interrogation purposes].

Novi Sad, Belgrade - Serbia
About 500 people took to the streets of Novi Sad, in Vojvodina, northern Serbian, to protest against the arrest of Ratko Mladić. Police are seen in Belgrade (Tanjug) They tried to force their way to the Radio-Television of Vojvodina building, but were prevented by a large number of police officers in full riot gear. The demonstrators then threw rocks at the local office of the ruling Democratic Party (DS). Police appeared from the building, dispersing the crowd. Two protesters were left lying on the street injured. Others fled in small groups, but gathered again in the town's central square. Reports said that there are about 100 demonstrators there tonight. Earlier in the evening, they physically assaulted a man in front of the television outlet's building, "after which a free-for-all broke out" said reports. The demonstrators shouted insults aimed at Interior Minister Ivica Dačić, as well as "Ustashas". They also turned over garbage containers, lit flares, and chanted, "Knife, wire, Srebrenica" - a reference to the Srebrenica massacre - and described Serbian President and DS party leader Boris Tadić as "Ustasha", calling for an "uprising" in Serbia. In Belgrade, police intervened several times against small groups of young men who gathered in support of Ratko Mladić. The protesters also lit flares, chanting "Thank you, Ratko", "Save Serbia and kill yourself, Boris", while advising policemen to "go to Kosovo". The MUP, meanwhile, sent its officers to beef up security around the government and parliament buildings, as well as the City Assembly, the Presidency, and the state broadcaster, RTS.

Monday, 23 May 2011 - France wakes up!

May started very well for the movement. On 8th May in Paris was held a rally organized by Serge Ayoub and his crew. The moto of the demonstration was "France is back" and it was against the capitalism and the Zionism. It was attended by around 3000 people from different French organizations. There were few speeches and the first was made from the leader of RF (Renouveau Francais), after him was Pier Vial the President of TP (Terre et Peuple), after him was Robert Spiler - the chief of NDP (Nouvelle Droite Populauire), Eduard Klain the lieder of GUD (Groupe Union Defence) and the last one was Serge Ayoub. All the speeches were against the New World Order and the system. The demo started from Avenue "Place Madulenne" and continue around one hour. There were people from France, Italy, Spain, Bulgaria, Serbia, Russia, Switzerland, Belgium (and one Irish man). It was nice to see many families and mothers with children there, it seems the French people start to open their eyes. The antifascists made small counter demonstration, around 200 people and the most of them was illegal black immigrants. The next week, on 14th May we went to Bordeaux to visit a Conference where we had the chance to speak about the problems in the movement and the system. The Conference was attended by around 50 people. After that we went to downtown for small demonstration in honour of Jeanne d`Arc.

The parade start around 20:30h and finished around 22:30h in the statue of Jeanne d`Ark where the leader of RF (section Bordeaux) make speech about her life, sacrificial and the sick system. Of course antifascists try to stop our demonstration with fireworks, but the police beat them up and arrest them very fast. Was funny for me to see this, because usually is us who got arrested. This antifascists made me to think, what kind of wanker you must be, when you try to stop demonstration for the biggest French hero! Anyway, they show us again what noisy little fuckers are they. Its important to mention, that in Bordeaux (the second red city in France),there wasn't any nationalist demonstration for the last seven years! I just want to say to our to Antifa Bordeaux is: Watch your back, we are back! At the same day there was a big demonstration in Lyon, against the Muslims organized by Jeuness Identitaire. It was visited of around 600 comrades and 1000 red scum. There were a lot of fights with the antifa and no matter we were outnumbered, again they was with smashed faces (bad day for them). The day was bad and for one Muslim restaurant, which was totally broken by the comrades). Seven antifa are in hospital and of course, no one from our side. Unfortunately two comrades were arrested and they going to stay 3 months behind the bars. It seems the French people want to take their country back, getting stronger and united day by day. We wish them to keep fighting, nothing is lost yet.

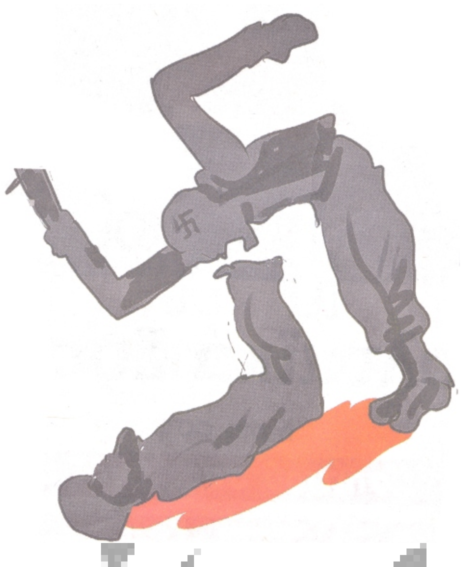
On June, 10th, in Moscow...

The national hero of Russia the colonel of army Yury Budanov is killed. He was at war in the Chechen Republic, destroying Muslim rubbish. Personally executed Chechen the sniper, 18 summer woman. The Jewish authorities have flung in prison for 10 years of the hero of the nation! In 2010 the colonel was released ahead of schedule, and there was «on illegal a position», because of threats of Muslim friends Putin and Medvedev. Kadyrov personally promised is killed the colonel. Today the colonel is killed in it 6 times in Moscow shot. Murderers are not found. The police denies a Muslim role in a crime. The authorities tell that it «provocation of nationalists»! Tomorrow in Moscow mass actions in memory of the hero of the nation. To Moslems it will be sick! The Allah a pig! You can picket the Russian embassies, in solidarity.

Unbroken Warrior - The Richard Scutari Letters
For over 30 years Richard J. Scutari has been active for white nationalist movement, first & foremost, he is known for his activities in the Order (Silent Brotherhood) in the early 1980's, which resulted in his imprisonment. Since his capture by the FBI in 1986, Scutari has remained an influential person via his essays and letters he sent to those in America and Europe. Richard Scutari's longtime correspondents, Magnus Söderman and Henrik Holappa, have gathered and assembled together Scutari's written works in the form of letters, essays, and quotations ranging from the mid 1990's to the first decade of 2000. Söderman and Holappa reveal to their readers 14 letters – that have had the greatest impact on them – composed by Richard Scutari that is sure to fascinate the reader and extends their way of thinking. Unbroken Warrior, is a biography, but at the same time it is a dedication, for a man that has been able to share his knowledge of history, politics, religious matters, his world view as well as cultural affairs to his correspondents over the years.

The thought of that day was in a dungeon. From the currently still imprisoned comrades! But that thought quickly flew to paper over the large walls, and thus became a reality. It was the basic structure for a new project, which is built up of comrades within and outside the prison walls. This, however, not only in the "brd", but around the world where faithful hearts are in spirit prison. In Germany there are several active projects that are dedicated to the active inmate care. Among them are there in the first place "HNG = aid community for national prisoners and their relatives eV" and the "JVA-Report", but also specifications for projects such as "Eichenlaub", "Der Kassiber", "Stahlhelm" and "Der Wehrwolf" to mention in this regard. All these companions / comrades had already said at this point our biggest thanks! So why a project that is dedicated to our imprisoned comrades / mates? On this question we now want to examine more closely. In a country where one of his thoughts, his political views, so, is imprisoned for his ideals, we, called the fighters from the Freedom Front in the duty to support our colleagues / comrades in the system dungeons in all of us possible forms. The closure case against the "HNG" and the persecution against the "JVA-Report" can be ominous. For this reason, it is important now to respond already. We are called to duty to show it is in them that they are not alone and no matter how hard you them also to occur, no matter how great the repression on the part of the system of national activists, we are harder, bigger, sincere ! As long as we stick together, stand up for each other, showing solidarity with our brothers and sisters. Inside and outside - a front! No national activist, no matter where in the world he is in prison, may be ever forgotten! Whether it is the nationalist who served due to the stupidity of a prison sentence, has not the nationalist, operates out of deep conviction. We are ONE! We are a community! National Socialists! White Warrior and sincere fighter for the sacred cause! To commemorate all of our faithful hearts behind the high walls and barbed wire, we thought of setting up a general "great day". The "White Prisoner and Supporter Day". From the "HNG" has been around for many years, the "action for 10", which has a very high priority and will continue to have and everyone should actively "HNG" support, because the "HNG" is one of the most important points in the resistance! We want our project not act against the "HNG" even against the "JVA-Report" or against anyone, but much more work with them. It was provided that all be informed, so that it can also lead to no ill will. The "WPSD" should be a project of ALL of our imprisoned comrades NATIONAL ACTIVISTS / mates! Everyone should participate in this project, because it may eventually strike anyone! Whether young or old, it's faster than you think! Therefore it is our duty to fight for them! Magazine: We have them out of a magazine out, which should always appear on that day. In other words, is one of times a year, fold it so appear a packed magazine in A4 format. The page number is set just yet. In the first half of the magazine there are reports of our imprisoned comrades / mates from all over the world. In the second half will be the reports of the supporters are also from all over the world. In the middle are a detailed list of prisoners worldwide will be present. So at least our planning. The prisoners get the chance detention reports, words of thanks or what they write whatever you want to write. We will not dictate to them about what they have to report. For the supporters it sees as already different. Of these, we hope that they give in their reports, the detainees powerful words. Perhaps from their own experiences in the prison service, their own imprisonment, etc. write. The reports of the supporters should not lose the context of that day and include. All other reports should be used for the preservation of other magazines. As this project is supposed to appear not only in the "BRD" or German-speaking countries, it will be translated into any other languages, sent to contacts and then forwarded to free the detainees. Contact: Work is underway in any country where there are companions / comrades in prison, set up contact points. So far, we have permanent contact points in the "BRD", in Greece, America, Canada, Spain and Serbia, to which may be imprisoned comrades contact / mates. Why are these contact points? - We want the postage costs of the detainees as low as possible, because not everyone has money for free.
- Intra-country letter mail is everywhere like a cheaper shipping abroad. - Contact persons have to perform more intensive relations with his comrades / mates, as the normal prison workers, also in the point release prisoners, to release preparations, etc. The imprisoned comrades / mates can then be short and sweet and above all faster contact their contact person, what certain things like the magazine, transfers, layoffs, etc. concerns. This information is then fed to us and the prisoners mentioned list, published monthly and sent to the prison is. We want to avoid that even laid-off comrades by a letter, the letter is returned and the shipping cost was free. As mentioned earlier, not every friend / companion not any money in jail for free. Reports for the magazine are also to be sent to the contact person. There they are reviewed, if necessary, translated and delivered to us. Sacked comrades should contact the appropriate person to contact to inform these changes, unless it has been mentioned previously. After discharge, the comrades / mates the opportunity to actively participate in the magazine by writing reports. But since not only the magazine is planned (we'll get to later), they may participate after release of the total project. After the dismissal will be automatically a supporter, if you are willing to step into that role When to be this day? We needed it not to think twice. No, it is not known each day. We have chosen this anniversary of the "HNG". Why?

As mentioned before, is the "HNG" with their work with one of the most important points in the National Resistance. Ursel and Kurt, but also all other active supporters of the "HNG" in all the years have done so incredibly much, and to work out this arrangement to honor this commitment, we make this day a "great day" for all detained comrades and mates! We think a better day, as the 21th September, you can not find for such a project! And financial donations: The project not only by one person or even 10 people can be financed, should probably be clear. This is also not the purpose of this project. As already mentioned, we are a community and EVERYONE can get faster as he thinks in this predicament. That we, as National Socialists, National socialists, skinheads are at war against this system and we, therefore, higher and more exposed to repression, as our opponents, should also be clear. Exactly is the problem. Currently prevails in our ranks more selfishness and self-love, as values such as comradeship, solidarity, sacrifice, etc. This thinking should not be so, however, not just in our ranks! There is talk again of a movement to see but we do not do this. For this reason, are now finally ALL asked and asked to do something together! Not only in the "brd" but on the whole world! It opened in the near future a donation account. The bank data are then made public and we do, no, we really hope that ALL contribute something to this project. Each month is a part of his money on CD's, T-shirts, political materials, but also for alcohol. So if everyone has a small part of this project makes accessible / donate a small part, this is to, as what is planned: A joint venture! What's all planned? - Magazine See above - T Shirts The first T-shirts are to appear for the Yuletide. The next then on the first "White Prisoner and Supporter Day".- Stickers / leaflets Every now and then we will design flyers / Info Leaflets / stickers that appear then, hopefully, and with us is. -Solidarity CD's Is indeed planned but not yet on solid ground. For this we need to look first, how is the whole project. -Legal advice For this we will contact active in the near future with the German law office "in conjunction. Then more information will follow it! - Dismissal of aids / release preparations
In this regard, the regional fellowships, organizations, outdoor workers asked us to get in touch. - Funding / Stamps / packages / Visits As soon as we can financially, we are also able to provide all these listed types of support. Anything can be requested from us! Financial support for testing but only against the basic specification and previous! - Book and magazine donations Everything we receive from book and magazine donations for the detainees, will be archived and interlibrary loan as the imprisoned comrades / mates provided. Other language editions are forwarded to the appropriate contact person and sent to the detained there. So help in breaking the chains together! Please help to send a message of solidarity! Please help make this project a real community work! If each of us contributes only a small part to this project, we can achieve our goal! Please help! Translators needed for the following languages:
- English, Spanish, Greek, Italian, Danish, Russian, Serbian, French Reports sought by:
- Imprisoned comrades / mates
- Companions / comrades who actively support and assist prisoners or feel committed to this project or want to contribute to it! We are looking for: - Fellowships / organizations / Free Forces, the laid-off colleagues / comrades' take the hand "would be to facilitate their" entry "to the outside. - Mates / mates who support this project (in all its size) and the related magazine with monthly donations. - Mates / companions to us for this project books, magazines, books to donate, which properly archived and used for interlibrary loan. - Companions / comrades who have the ability to copy different things in larger quantities or to print.
- Bands and mailings that we engage actively in this project under the arms. - Companions / comrades who are standing for assistance after release available.
- Companions / comrades who are actively involved in the prison service. - Solidarity comrades / mates all over the world! It calls for: - To be supplied by the relevant contact persons, at least 1x month position on the work in their country. 1x a year to write an annual report that describes the development and intended for the magazine. How should the project be financed? As mentioned before, this project seeks to live solely on donations. These will be paid into a separate account for donations and the money is used only for this project. Questions about the account balance if you need some. The magazine also has a complete collection of revenue and expenditure is listed. The money will be used only for inmate care (stamps, packages, or financial support), the latter is done only by examination of the facts. Furthermore, the magazine of that money, the printing and mailing costs, the cost of producing information and propaganda material, etc. funded. We hope that solidarity is not just a word, but becomes a weapon. Let us work together on this project! Solidarity is a weapon! Currently the following supporters:Free Comrades: Rheini, B. Kietz Hacks: Eichenlaub, Der Kassiber, Der Wehrwolf, Skinhead Magazine Organizations / fellowships: HNG, JVA-Report, OMERTA CREW, 28 Serbia, ARP. Bands: Murder in Society. Current contact address: wpsd@gmx.de



NEO-NAZI IDEAS NOT ILLEGAL, SPAIN'S SUPREME COURT SAYS.

The 3rd of June after almost 8 years from the first arrest 4 Spanish comrades were acquitted of the "crimes" they were accused for by the Spanish Supreme Court. They were the owner of the "Kalki" bookshop, the leader and a member of the cultural association 'Circulo de Estudios Indoeuropeos' (Circle of Indoeuropean Studies), and the owner of the book editor company "Ediciones Nueva Republica" (New Republic Editions). All were condemned by a regional court to sentences that range till 3 years of prison for spreading publications that minimize the so called Holocaust, promoted the III Reich and talked about the discrimination of blacks and homosexuals, and for being part of an illegal association with a paramilitary section. The Supreme Court stated that the Spanish Constitution "do not forbid ideologies" or the "extremis ideas" and that "the ideas, as such, must not be prosecuted" in spite of being, like in this case "abominable". "The tolerance with all kind of ideas, that it is imposed by the freedom of ideology and speech does not mean acceptation or comprehension, only that the ideas, as such, must not be criminally prosecuted". This sentence was also based in previous sentences of the Constitutional Court that said that "At the shelter of the freedom of speech all ideas have a place, even if they are dangerous of wrong, even the ones that attack the democratic system. The Constitution protects also to the persons that deny the Constitution'. Even though the freedom of ideology and speech to not cover under their protection the insult against groups, or the generation of hostility against them, something forbidden by the Spanish Penal Code. Therefore in this sentence they say for first time how must be this "offences" be interpreted. They say that "It is not enough to spread doctrines that justify the offence of Genocide or that excuse it. It is necessary that the diffusion constitutes a direct incitement to the commission or that could create an 'opinion tendency' or sentiments that could lead to the danger of committing specific acts of discrimination, hate, violence against groups or the members of groups". "It is not only just the diffusion, but the diffusion in circumstances of creating a real danger". "In this case none of the accused made any act of promotion, public defense, incitation about the doctrine of the books they sold, neither recommended to put them in practice". The accused proved that the books they sold could be bought in other libraries and they were even in the National Library, where any citizen could ask for them and read it. We congratulate for this decision of the Supreme Court, and now after many years of paying lawyers, of business closed, and work stopped by the denounces of SOS Racism, Amical de Mauthausen, and the Jewish Community of Barcelona this comrades are finally FREE. Some "chosen people" is not very happy with this sentence: Spanish Jews outraged at acquittal of neo-Nazis by High Court. The Jewish Community Federation of Spain (FCJE) has strongly criticized the decision by the High Court to quash a lower court's decision which had found four persons linked to the now-defunct Kalki bookshop in Barcelona guilty of incitement to hatred and anti-Semitism. The four were convicted in 2009 by a Barcelona court and sentenced to prison terms of up to three-and-a-half years. The High Court in Madrid now ruled that the men could be found guilty only if they had incited people to commit Nazi-type crimes. It said the Spanish Constitution did not prohibit ideologies, no matter how repulsive they might be. "We Jews are very worried that the Spanish judiciary, which in certain situations shows a lot of sensitivity, does not consider the sale of books in which the Holocaust is denied and racism propagated an offence banned by our laws," the umbrella body of Spanish Jewry said in a statement. CJE voiced its support for proposals to amend and clarify laws in order to prohibit any activities that incite to hatred based on religious, ethnic and related criteria - including the public denial of the Holocaust - as is required by a European Union directive which Spain has yet to implement. Israel also strongly attacked the High Court ruling. Its Embassy in Madrid said in a statement: "Israel believes that this decision gives support to racist violence and shows a lack of historic knowledge." It added that the ruling was reason for "sadness and concern." The sentence in the media: Neo-Nazi ideas not illegal, Spain's Supreme Court says. Madrid - Propagating neo-Nazi ideas is not a crime if they are not used to incite violence, Spain's Supreme Court ruled Friday. The court acquitted four neo-Nazis who had appealed against a three-and-a-half year prison sentence imposed by a lower court. The four, who had a far-right bookshop and publishing house in Barcelona, were charged with advocating genocide and belonging to an illegal association. Neo-Nazi ideas 'deserved a clear rejection' and should not be propagated by the authorities, but freedom of expression also applied to 'offensive and unpopular' material, the court said. Neo-Nazi ideas were illegal only when they clearly risked 'creating a hostile climate' which could lead to violence, the court said. A little background of the case. The 25 of May of 2004 three members of the cultural association 'Circulo de Estudios Indoeuropeos' (Circle of Indoeuropean Studies) were arrested in Spain, in the region of Cataluña, by the regional police. The C.E.I was a legal cultural association, inscribed in the registry of associations of the Spanish Home Office / Department of the Interior, and all their publications and magazines had ISBN / legal deposit. They had delegations in the regions of Cataluña, Madrid, Andalucía, Valencia, Guadalajara, Asturias, and also in México. The three arrested were: Ramon Bau, 56 years, president of CEI, member in the past of the Spanish NS org CEDADE, that among other activities, during the 60's and 70's helped to publish the books that were forbidden in other European countries. Apart from being a respectable man, that has never made any speech or written in favor of the violent acts, is a well known comrade in other countries and edits the magazine 'Bajo la Tirania' (Under the Tyranny). ; Oscar P.G, 27 years old, delegate in the region of Cataluña of CEI, and owner of the Kalki bookstore, that was also raided by the police in June of 2003 and is waiting for the judgment of his case; and Carlos G.S, 35 years old, member of CEI and usual writer in the CEI magazines.

They were accused of forming and illegal association for the distribution of material that incites to the discrimination, the hate and violence against groups for racial motivations and for the negation of the jewish holocaust; justification of the genocide; for committing offences against the exercise of the fundamental rights and public liberties, and against the international community. A section of CEI was called 'the Order', but was not a combat group or related with anything violent, they were focused in the spiritual aspects of the NS. Anyway, as they used uniforms, they had ranks, and hierarchy, the police have considered that they were an “illegal paramilitary association, organized in combat units with the aim of the active resistance against the system, including the use of weapons”. This was completely false, this section was focused in the cultural fight, and the unique weapons they have found are daggers, knifes, swords and a Co2 gun, not in the locals of CEI but in the houses of the comrades arrested. So, for being a 'paramilitary' group, they were a quite strange one, because the reality is that they didn't do any kind of fight / combat training, they didn't practice with or had any kind of fire weapons, their chief has more than 60 years, and their most dangerous activities were excursions and marches in the mountains. The real aim of the 'Circulo de Estudios Indoeuropeos' was to preserve the legacy and ideas of the NS, but without any purpose of forming a political party, or to take part in the democratic elections, or to arrive to the power by the use of force. They tried always to respect the Spanish law, but without having fear to be situated near the border of the law. A prove of that is that they decided to host their website in a Spanish server, to be subjected to the Spanish laws. The 27 of May of 2004, the three comrades got the freedom with charges, and one of them was been released on bail of 3.000 euros/$. A huge quantity of material was confiscated, including flags, books, posters, magazines, stickers, uniforms, armbands, pins, helmets, videos, Cd's, swords, SS daggers, and even personal objects of this comrades. After this attack to the freedom of thinking of the human being, after this outrage to comrades that have never been involved in violent acts and have only tried defend our white race and our ideals the Spanish NS's could not stand quiet, and diverse groups are preparing an Unitarian NS demonstration in the streets of Barcelona.

Latvian dance festival features ancient folk symbol

By MICHAEL WALSH

RIGA — Here's a little something that might cheer you up. Note the unfolding symbol of this dance form as it takes shape — in the middle of this recently performed dance festival in Latvia. Now smile! But Latvia is still a nation in mourning. It was 70 years ago today that the Soviet Union in just one night removed and forcibly deported 10% of the Latvian population. Work it out yourself; the population is 2 million. The USSR was Britain and America's ally. Stalin was referred to as “Uncle Joe” by the Western media. Entire populations of villages and towns were forced to push whatever possessions they had into bags and force marched to cattle trucks. These transported tens of thousands of men, women and children thousands of miles away to Siberia. One NKVD officer later told of gathering a village's community together. A couple of randomly selected teenagers would be separated and publicly hanged in view of everyone—as a warning. Nice friends of Roosevelt and Churchill, weren't

they? Very few of those ethnically cleansed survived, let alone returned. Today I cycled through Latvian villages and towns. Outside the homes of many hung the Latvian flag, each with a black ribbon to commemorate this sad anniversary. I bet you won't see anything of this in your so-called free press. Still love democracy and free expression?

Nationalists under cyber attacks – let's react

Over the last few years the nationalist movement has been attacked by cyber commies who left the streets out of fear and have decided to operate behind a screen. The B&H forum was hacked in 2008, the Aryan Nations emails in 2009, the BNP lists in 2008, Blood and Honour in 2010, the German NDP in 2010, Local 1488 in 2010 AND 2011, North East White Pride in 2010 AND 2011, as many other websites and personal emails in the last few months. Each time, the so-called cyber warriors unleash tons of personal information that is used to intimidate WNs, sometimes causing some good activists to lose their job. The internet has never been a goal in itself, it is a tool that should never be an hassle. It is important to note that anyone can be attacked by those leftist cowards. For this reason, you should never keep personal information such as names, pictures, addresses, and all in your email box. If you need to keep this information, download it on your hard drive where it will be impossible to get. Actually, you should keep your emails in your email box at the strict minimum. The same applies to the contact list where no full name should be kept. If you own a store, it is your responsibility to ensure your costumer's safety by making sure your website will be impossible (or nearly impossible) to hack. Erase the information which is not useful like order history as often as possible. Another great idea is to do like some stores (e.g. Label 56) and always ask for the person's address thus never keeping such data in your files. We are not involved in a cyber revolution; we are real! And the cyber world should never be an obstacle to the ones out there. If you don't mind having your address published online, fine, but maybe those who are doing business with you do! Send this email to your contact list and urge them to be careful about the info you are sending them.

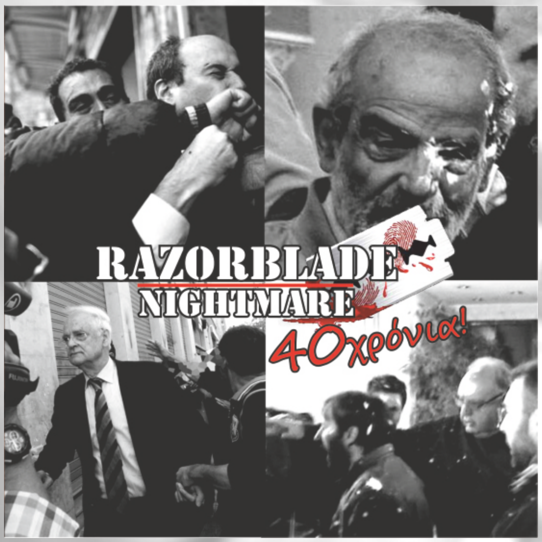
Επιστροφή στην ύπαιθρο - Περίανδρος Ανδρουτσόπουλος

Κάθε γωνιά της ΓΗΣ μας και μια παλιά ιστορία. Κάθε γωνιά της ΠΑΤΡΙΔΑΣ κι ένας ανεμοδαρμένος θρύλος. Κάθε γωνιά της ΕΛΛΑΔΑΣ και μια ατόφια παράδοση. Η Φύση ολάκερη, η αισθητική του βουνού και της θάλασσας, η "ελληνική χλωρίς" του Περικλή Γιαννόπουλου, όλο τούτο το παράδοξο ματοβαμμένο τοπίο βρίσκεται στα πόδια κι οι φυλλωσιές του πανάρχαιου δένδρου κι αυτές στην αγκαλιά σου. Ελλάδα δεν είναι η Αθήνα και μόνο, δειλέ πατριώτη. Κι Ελλάδα πάλι δεν είναι μόνο ο Παρθενώνας, το γκριζόμορφο σήμερα τουριστικό είδωλο της γηρασμένης των αρχαίων νεότητος. Σαν άνθρωπος, σαν έθνος, σαν ράτσα και φυλή δεν πιστοποιείς την ταυτότητά σου στους τέσσερις τσιμεντένιους τοίχους της άμορφης μεγαλούπολης, που κατατρώγει σαν άρπυια τα σωθικά της ψυχής σου για να σ' εκφυλίσει με ξεχωριστή μαεστρία σε υπάνθρωπη καρικατούρα των καιρών μας. Η φωνή σου μια βροντή πρέπει να'ναι! Πολιτισμός δεν είναι μονάχα το λειτουργικό αποτέλεσμα της πολιτειακής δόμησης των αστικών κοινωνιών. Πολιτισμός δεν είναι οι απλωμένες παλάμες των ζήτουλων γύφτων στα λεριασμένα πεζοδρόμια. Πολιτισμός δεν είναι το υπαλληλικό σύνδρομο του ωραρίου και της καπιταλιστικής εκμετάλλευσης. Κουλτούρα είναι όλα τούτα. Λέξη πρωτευουσιάνικη και ρυπαρή. Λέξη που μυρίζει τσιμέντο, μαζούτ και θερινό ιδρώτα των όχλων στα «θέατρα γκαράζ» και στις τζαζ συναυλίες. Λέξη με φως χλωμό, που αντιφεγγίζει ισχνά στην νυκτερινή κατανάλωση των αμερικάνικων πυρσών τους ρυθμούς των ξεπεσμένων και των αδυνάτων στις βρώμικες αίθουσες, τις κοινωνικές ανασφάλειες. ΕΛΛΑΔΑ είναι μι' ανέμελη μακριά κι απότομη γη, με πολιτισμό φτωχό σε απαρίθμηση στοιχείων μα πλούσιο σε συμβολισμούς και ζωές. Βουνά, ποτάμια, δάση, θάλασσα κι απόκρημνες ακτές, τούτα όλα μαζί τα λίγα είναι η Παράδοσή μας κι αυτή μας η ιδεολογία. Κι Έλληνας εκείνος που ζει μ' αυτά είναι, έστω και κάθε φορά σαν επισκέπτης, σαν τρεμάμενος φυγάς, που λαχταρά τη μύηση στο φυσικό και στ' αρχέγονο. Αντιθέσου στα ψεύτικα μηνύματα των ύποπτων δρόμων αυτής της άθλιας αισθητικής, που εκμηδενίζει τους άνδρες και πολλαπλασιάζει τους – είτε ψυχικά είτε σωματικά – ομοφυλόφιλους παρακμίες. Δρέψε τον καρπό της υπαίθρου κι αγωνίσου στη ζωτική πλευρά των συνόρων της φύσης, σκοτώνοντας τις όποιες δειλίες κι ανασφάλειες σου κληροδότησε ο τρόπος ζωής στην πόλη του νέφους και της διαφθοράς. Αν χρίσουμε μια ΝΕΑ ΤΑΞΗ πραγμάτων, θεμέλιά μας ας είναι οι Αρχαίοι Ναοί, οι κατάσπαρτοι σε κάθε γωνιά της Πατρίδας και μαζί τους τα Κάστρα του Μωριά και της Ρούμελης, τα βράχια της Θεσσαλίας και τα βουνά της Πίνδου. Και λάσπη ας έχουμε απ' τις αμμουδιές των νησιών μας και τα ορμητικά ποτάμια των ορέων της Θράκης. Επιστροφή στην ύπαιθρο, εμπρός! Δύο λόγοι κάνουν τώρα τούτη την άποψη πιότερο απαιτητική κι επιτακτική: Αρχικά η ανάγκη για την επίπλαση του ανδρικού ιδεώδους του Έλληνος, με μέθοδο τη σκληραγωγία και την υπέρτατη πάλη που απορρέει απ' την ολοσχερή έκθεση στην Φύση. Μια εκγύμναση όχι απλά επιστημονική και βιοσωματική, μα παράλληλα μαγική και θεία απ' τ' αγίασμα της βροχής και το ψήσιμο του Ήλιου και τ' άγγιγμα του πάγου. Κι έπειτα για έναν ακόμη εξαίσιο σκοπό και λόγο: Για τ' αγκάλιασμα της Λαϊκής μας Αισθητικής. Κείνου του υπέροχου και υπέρογκου κόσμου, που περικλείει την Αρχαιότητα των προομηρικών και κλασσικών χρόνων διαμέσου του Βυζαντινού μεσαίωνα και της Εθνεγερσίας της κλεφτουριάς μέχρι τα σήμερα. Κάθε τι απ' τα τραγούδια, τους χορούς, τα ήθη κι έθιμα, τη ζωγραφική και τέχνη των προγόνων, που με θεία παρέμβαση και βοήθεια διατήρησε η παράδοση. Πίσω στα ερείπια των σπιτιών των παππούδων, όπου το φιθόσπιτο της παράδοσης προσμονεί χρόνους τώρα την επιστροφή του Νέου Αφέντη. Πίσω στ' απόκρημνα φαράγγια των πάμπολλων μαχών και θρυλικών ασμάτων, αναρριχόμενοι με πάθος σαν Έλληνες τα κάθετα βράχια της αδάμαστης θέλησης της Γης. Πίσω στα καταγάλανα νερά κολυμπώντας και διασχίζοντας με πανιά μας τους υδάτινους δρόμους της εξάπλωσης της Ελληνικής μεσογειακής κοσμοκρατορίας. Κείθε, παντού όπου απλώνει η ματιά σου, θα δεις και θα νιώσεις την Ελλάδα. Μακριά απ' τους πύργους της Βαβέλ, των αντιανθρώπινων πολυκατοικιών και των μπολσεβίκικων πανσπερμιακών μαζώξεων. Μακριά απ' τ' άστεα της οπισθοδρόμησης, που θυμίζουν καταναγκαστική συμβίωση στις βιβλικές πόλεις. Πίσω στην ελευθερία της βούλησης για αντρίκια ζωή και ένδοξο θάνατο. Νιώσε τον ψίθυρο της αέναης μοιρολογίστρας της Φυλής. Στήσε τ' αυτί σου στο αλμηρολάξευτο στόμιο του κοχυλιού κι άκου τα λόγια τα θεϊκά και τις ορμήνιες. Απ' τις αιμόκοφτες κορφές των ορέων τρέχουν τα νερά κι οι απόκοσμοι θεοί των ποταμιών, κείθε στο κέντρο των πηγών και των αιώνιων κρουνών της σοφίας, σηκώνουν το εύρωστο κορμί τους και σε φωνάζουν κοντά τους. Αυτόν τον πολιτισμό ξέραμε κάποτε και μ' αυτόν γράψαμε ιστορία πρωτοποριακή και υπερκόσμια. Μουσική μας δεν υπήρξαν τα κλαπατσίμπαλα της στομφώδους διανόησης, ούτε καν οι ιταλιάνικες και ψαλιδόκωλες οπερέτες της ψευτοαριστερής μπουρζουαζίας και της μασωνικής καλτσοδέτας. Μουσική μας το κελάηδημα του αηδονιού και η ηχώ του πετάγματος της γερακίνας. Μουσική μας το ουρλιαχτό του λύκου στ' ολόγιομο φεγγάρι και ο βρυχηθμός του λιονταριού. Τέχνη μας μια καλοχτυπημένη στο πυρωμένο αμόνι λόγχη και μια κομψά σκαλισμένη ασπίδα. Τέχνη μας η απεικόνιση της τελειότητας των θεών μας. Εμπρός λοιπόν! Πίσω στην Ελληνική φύση, όπου το φαύλο και το περιττό σαπίζει γιατί τα πάντα εκεί είναι αδυσώπητα κι αληθινά και δεν ευνοούν τους ανίκανους και τους διαλογικούς. Πίσω εκεί που η γνώση δεν διδάσκεται αλλά εμπνέεται απ' το σκληρό παιχνίδι του φωτός και του σκότους. Πίσω εκεί όπου ο Καιάδας αρμόζει στους φυλετικά αλλοπρόσαλλους και τους ηθικά ισχνούς. Πίσω εκεί όπου ό,τι δεν σε καταστρέφει σε κάνει ισχυρότερο! Για να διαφυλάξουμε τη γη μας απ' τ' αρπακτικά γαμψώνυχα των ξένων και των εβραίων, που βάλθηκαν να την ακμάσουν με χρήμα και συμβόλαια. Για να διαφυλάξουμε τ' αρχαία μας μνημεία απ' τους κάπηλους ληστές, τους βουτηχτές των ηθών αλλά και των ναυαγίων. Για να γλυτώσουμε τους Δελφούς απ' τους βρωμερούς τεχνοκράτες και τους αισχροκερδείς βιομηχάνους του βωξίτη και της αλουμίνας. Για να σταματήσουμε την αντίθετη στη Λαϊκή Παράδοση μοντερνίζουσα οικιστική δόμηση. Για ν' ακούσουμε τα τελευταία τραγούδια και να διασώσουμε τους αρχέγονους θρύλους και τ' αρχέτυπα έθιμα των χωριών. Για να φιλήσουμε τα γένεια των τελευταίων αγνών γερόντων της φυλής μας. Για να δοκιμάσουμε χωρίς πολλή σκέψη το παιγνίδι αντάμα στη ζωή και το θάνατο, αντάμα στην Ελλάδα, ρισκάροντας και μεις κάτι μια φορά, που έχουμε τόσο επαναπαυθεί στην ασφάλεια της αστικής μας διαβίωσης. Για να βοηθήσουμε στη διαιώνιση των λιγοστών ζώων που απέμειναν άγρια. Ζώων που σημάδεψαν την Λαϊκή μας Αισθητική, αλλά και την Λαϊκή μας Ζωή. Εμπρός λοιπόν! Για να κελαρύσεις και συ κάποτε στις πηγές της Μαντικής!

ΝΕΟΕΛΛΗΝΕΣ

Η πατρίδα μας βυθίζεται. Το έθνος μας διαλύεται. Η παράδοση πεθαίνει.'Ηθη και έθιμα τείνουν πλέον προς εξαφάνιση. Αντιθέτως...Προωθείται ο αντιπατριωτισμός. Ανθελληνική προπαγάνδα παντού."Παράδοση" πλέον είναι το surfάρισμα στο διαδίκτυο και μέγιστο "ήθος" να έχεις προφίλ στο facebook. Το παιχνίδι στις αλάνες αντικαταστάθηκε από τις οθόνες του pc μας. Απάθεια και αδράνεια σε όλους, νέους και μη. Κόμματα όλων των αποχρώσεων σε κλέβουν νόμιμα και με τη βούλα πλεόν, γεγονός που πιστοποιήθηκε και από τους υπερατλαντικούς πατέρες με την έλευση του ΔΝΤ. Κι εσύ ΜΑΛΑΚΑ ΝΕΟΕΛΛΗΝΑ. Εσύ συνεχίζεις να τους ψηφίζεις. Ακόμη παίρνεις τους αλλοδαπούς εγκληματίες στη δουλειά σου. Ανέχεσαι να σου κόβουν τα λεφτά για να τα κονομάνε οι πολιτικάντηδες. Γουστάρεις να σου καίνε οι παρακρατικοί ρουφιάνοι το μαγαζί και τα μπατσόνια να τους καλύπτουν. Βλέπεις τις εθνικές προδοσίες να κάνουν πάρτυ κι αράζεις στην καναπεδάρα σου τρώγοντας μεταλλαγμένα και πίνοντας jew-cola. Ζεις ήρεμα με τον μισθουλάκο σου κι έχεις ήσυχη την συνείδησή σου. 'Αραγε κάθισες έστω και μια στιγμή να σκεφτείς. Τι έχουν προσφέρει στον τόπο σου αυτοί που ψήφιζες τόσα χρόνια; Γιατί επιτρέπεις στους υπανθρώπους να αλωνίζουν στην γειτονιά σου; Γιατί ανέχεσαι να δουλεύεις για ψίχουλα ενώ οι "γνωστοί-άγνωστοι" βολευτές ζουν σε βίλλες, οδηγούν mercedes και γελάνε με τα χάλια σου; Πώς γίνεται να μην σε ενοχλούν οι μολότωφ που σκάνε μέσα στο μαγαζί σου οι "κόκκινοι", παρακρατικοί και μη; Θεωρείς σωστό να υπερασπίζεται κανείς αυτό το σάπιο "κράτος" για τρεις κι εξήντα; Βγήκες στους δρόμους ή έστω διαμαρτυρήθηκες ποτέ για τα αίσχη που λαμβάνουν χώρα μπροστά στα μάτια σου; ΠΑΡΤΟ ΓΡΑΜΜΗ....ΖΕΙΣ ΜΕΣΑ ΣΤΗΝ ΑΣΤΙΚΗ ΜΙΖΕΡΙΑ ΣΟΥ! 'Ηρθε λοιπόν ο καιρός να επιλέξεις τον δρόμο που θα ακολουθήσεις...Τον δρόμο του ΑΓΩΝΑ. για το έθνος και την οικογένειά σου ή τον δρόμο της ΠΟΛΥΘΡΟΝΑΣ και της TV. Ο χρόνος σου είναι ελάχιστος, γι' αυτό αποφάσισε: ΕΘΝΙΚΟΣ ΣΟΣΙΑΛΙΣΜΟΣ ή ΝΕΟΕΛΛΗΝΙΚΟΣ ΩΧΑΔΕΡΦΙΣΜΟΣ!

Αδείμαντος



First of all introduce your band to our readers.

We are Adeimantos 22, vocals & backing vocals, Albert 30 bass & vocals and Blade 44 guitar & vocals. We couldn't find a drummer till now so we're using a drum machine.

Razorblade Nightmare, why you choose this name? What does it represent to you? What is for you a nightmare?

We took our name from The Die Hards song. It's about tearing the dreams of the system apart. The system is the nightmare for all humanity, but true national socialists are the nightmare for the system! We wish one day we can give a nightmare to politicians & other enemies through razors…

What about your sound? You play something specific?

Our main influences are old school Oi/RAC and Metal. We also have a country song!

What about your songs? How many songs you have already? They are in Hellenic language or what? Can you tell us something for each of your songs?

Most of our songs are in Hellenic language, but some are in English too. We have recorded 14 songs already. "40 years" is about the 40 black years of democratic governments in our country. "Skoupidia'' (Garbage) is about the immigrants who ruin our race and land. "Fthonos kai fonos'' (Envoy and murder) is about ALL the people we hate. "Anti-Capitalist Front"-name says it all ! "Spirit of skinheads" is about the unity amongst skinheads, ns punks and bootboys. "Zionist pet" a funny song about antifa. "Sapia Dimokratia'' (Rotten Democracy) about rich democrats and the money they 're stealing. "Kolones tou sistimatos'' (Columns of the system) is about bankers who drink our blood. "Dimosiokafri" about the journalists and their lies. "Society's wounded" is about pain that we have been taken from today's society. "Aima kai timi'' (Blood and Honour) is about B&H and the values it represents. "Kato Oi Evraioi" is an Exploited cover from "Fuck the USA" with anti-Jewish lyrics. "Mahitis tou ypologisti'' (PC fighter) a song for internet warriors.

You are involved in other bands, or ever been members in the past?

For me it's the first time. Albert have been playing in No Surrender, Pride & Pain and other past bands like War Criminals and ChaoSS Hellas and Blade have played for Sergeant Oi!, No Surrender and past bands like Rock & Roll Rebels, Hellrise, Cause Of Honour.

You are a B&H band, right? Can you tell us something about B&H Hellas?

B&H Hellas is exists from the end of the '90s and although it's not as big as in other countries, it's one of the most active. We print stickers, our zine has already reached its 31st issue (#32 is on the way), spraying, our bands have played in many ns/nationalist concerts and gigs and we 're taking part in almost every nationalist march in our country.

Your influences, why and when did you involved into the skinhead scene?

My influences are Ancient Hellenic philosophers, all the Hellenic fallen heroes and National Socialist Germany. I have been involved in the skinhead scene from 2007 because I think it's the only pure scene (at least its biggest part) who have lasted for so many years, and because it's a way to show your pride, your love and your hate. No matter what happens, skins will never die!

The economical situation in Hellas is very bad, many unemployment, too much immigrants, a lot of demonstrations of simple people in the streets. What is your opinion about all these? You see any "light" in the way?

Unfortunately all these are true. It's good to see many people demonstrating united in the streets, but it's negative to see many left-wing and anarchist bastards trying to destroy these demonstrations. The only hope we can have is the white man returning to his roots and a strong nationalist government, but this won't happen in near future. So all we have to do for now is one thing: RESISTANCE IN ANY WAY.

What about the 'new Hellenes'. They always say that Hellas has a great history, great philosophy etc, and they based on this and they don't go forward to change the current situation in Hellas. You think that they can awaken or they continue just this story?

Most of them are the shame of our nation, they do nothing but sitting in their sofa, drinking Jew-cola and eating pop-corns. It's up to us to awake them....we must take the first step and then everyone will follow.

Now the government in Hellas says that they will remove the asylum from the universities. You think that is a good way for Hellas? And why?

Until now the asylum have caused only problems and destruction of all universities by the leftists. There 's not any kind of freedom of speech inside universities. It seems a good idea, but practically, I think the government does this, in order to increase police brutality and send it into the universities.

After some studies of some scientists, found that the hormones in foods make Men Womens. This is unacceptable! But day by day we see a lot of gays around us. You think that is intentional of the new world order to make all these things, for example not to make white families etc?

It is intentional for sure, the Jews and the new world order want to stop the existence of white families, they want to create a huge melting pot everywhere and plastic food is one way. As for gays I think that TV and the "role-models" it shows, are mainly responsible for their increase, there's at least one gay in every TV serial.

What is your opinion about family? Do you accept the 14 words?

Family is the one of the most important things, if we want our race to survive. It's the most significant cell in society's organization, if it dies, all society dies. As a national socialist I accept each and every one word of the 14 words and hope that in some years I will be able to create my own family.

With all this situation in Hellas, a lot of Hellenes move out from the country to other countries? What is your opinion about that? You think that is the same like the immigrants invasion in Hellas?

Many young people move out from Hellas for studies or work, because of the corruption in the government and every public service and the unemployment. It really is a hard fact, but you can't blame them...It's not the same thing in any way because Hellenes have never caused problems to the countries they've migrated and because they went there after agreement of the Hellenic government with governments of the other nations. Immigrants in Hellas are illegal, nobody asked them to come here and they are all uncivilized, different race and dirty.

What do you think is the best thing now for Hellas to going out from this difficult situation? You believe that all these are made from the government for some reason?

I think that although the government are all traitors, they are also used from some "invisible force" so they can serve their evil causes. The only thing for sure is that they want to erase Hellas from the world map. The best thing is for all the healthy parts of the Hellenic people to stay united, proud and patriots and do their best to change the situation with every possible way they can.

And what about this new law that they voted 'mesoprothesmo'? With this law, all the Hellenic law's from the past erased and going with the terming of this law. That means that all the other countries have the right to do whatever they want in Hellas, like pooling of territorial sovereignty. It will be a big problem or not for the country?

It's the last action of a series of traitor actions from the "socialist government". It is a logical consequence of the politics that have not even the slightest patriotism in them. They keep getting richer, whereas we think for even buying a coffee or a beer. They have sell out a big part of the Hellenic land (islands), they want us to be part of the so-called "Ottoman empire" again. It will sure cause big problems, but I 'm sure Hellenic people will react and stop the sellout.

The last days, because of all these the people in Athens go against the immigrants. Is it true? How's the situation over there with all these immigrants in the neighbors, in the streets, in work?

It's true that in the last few years more and more people go against immigrants. Immigrants are responsible for the raise of criminality, the have create ghettos in Athens and are cheap working hands for capitalists. It was just normal for Hellenic people to react to this sickness, some think it's too late now because immigrants are so many, but I don't. Lately some sub-humans murdered a Hellene father of 3 kids for stealing a camera! That was the last straw. Hellenes went out on the road, and gave the sub-humans the lesson they deserved.

You believe that the whole Europe has they same problem with Hellas? And who is behind all this?

All white nations face exactly the same problems, immigration, unemployment, politicians, government policies, criminality etc. Who else could be behind all these but the eternal Jews, Zionists and the "White" capitalists (White skin, anti-white soul). That's the reason all white European nations must unite, get over chauvinism and stand united against the one and real enemy.

Tell us something about the NS situation in Hellas. You have a lot of people that espouse the term Nationalist or Patriot? They belong to parties or they are Autonomous? Where you belong?

Most of the Hellenic people claim to be patriots, but they have to prove it with actions. There are quite a few nationalists and fortunately many young kids espouse our ideals. Many of them belong to nationalist or pseudo-nationalist parties. There are some autonomous nationalist groups in Athens, Thessaloniki, Trikala and other cities, but the problem is that there is not unity and collaboration amongst them. The good thing is that new groups keep being created from young people, but there has to be unity amongst all of us. We 're fighting for the same cause. Personally I support B&H Hellas 100 % but also every other pure nationalist/NS expression in our country.

How you see the comrades and the NS situation allover the white world? It's going all right now, or it was stronger before?

Things keep getting better for the NS movements all over the world, more and more teenagers believe in National Socialism, so it's better in terms of quantity. I 'm afraid though, that quality has decreased because the more people getting involved in a movement, it's for sure that some of them are just garbage who only want to show themselves and being the new "Fuhrers"!

You have contact with other bands, or people they involved in the scene in other countries?

I only have some contact with comrades from Sweden and Canada, but I watch the news of the NS movement world wide.

You have any contact with old members of Hellenic R.A.C bands? What's the situation there with the scene? It's an active scene or it's dead?

Yes it's an honour for me to have contact with some of the oldest skinheads who are still active and express our ideals through music. It's not dead in any way, I 'd say now it's better than ever, but it can become even better. We now have more bands active than ever, Hellenic R.A.C releases come out often. Historically there were only 1-2 bands during the '80s (Hail Cause Of Honour!),things got a little better in the '90s with the first concerts and albums coming out, and since '00 things keep getting better!

You play any gigs or will you play in the future? What about this part of the scene? You have places to make gigs? You have any problems with police, laws or other people?

We haven't played any gigs till now, I hope we might be able to play in the future. We have Skinhouse Hellas in Trikala, 6-7 gigs with well-known bands from other countries take place here every year, and many gigs with Hellenic bands only. Police is not creating problems in our concerts, only in our marches. Same thing happens with leftists and antifa, but usually they have the problem haha! As for the laws there are anti-racist laws who have been voted lately, but no one has been arrested for that till now. On the other hand there have been unfair imprisonments of comrades in the past for things they had nothing to do with or even for sharing brochures of "racist" content!

In Hellas played any band from abroad? Which bands played in Hellas and which bands would you like to see live there?

There have been many great bands that played in our country: Bully Boys, Kill Baby Kill, Les Villains, Fear Rains Down, Sleipnir, Kommando Skin, Faustrecht and the legendary Brutal Attack are some of them. Kategorie C are coming on September. I 'd like to see many bands, but most of them are inactive now. Anyway, Condemned 84 and Razor's Edge would be a good choice!

Give us your favorite bands & song.

-Except Skrewdriver and Skullhead: 4-Skins, The Exploited, Blue Eyed Devils, No Remorse, Arresting Officers, Warfare 88, Forward Area, Midgards Soner, Angry Aryans, Condemned 84, Close Shave etc. Of course I like all the Hellenic RAC bands!

-There are too many, we 'll never finish! I 'll just say a few which I consider classic: Pulling On the boots, 4-Skins-A.C.A.B, Skrewdriver-White Power, Blitz-Razors In The Night, Skullhead-Wish The Lads Were Here.

Your opinion about: PC warriors, Democracy, Homosexuals, Non white Nazis, Drugdealers, Cops, Right wing parties, Punk, Internet.

-People full of misery, they have never fought for what they believe. Just losers with no ideals.

-Sickness of all white nations. I have to say though, that today's democracy has nothing to do with ancient Athenian Democracy who had racial laws and not everyone had the same rights.

-Hang them all!

-Japanese fighters of World War II and some Arabic nations deserve our respect for their fight against ZOG. As for black and jewish nazis, they are just a sick phenomenon.

-Death sentence to dealers of death.

-Servants of ZOG.

-A trap made from the system, so it can capture patriots and anti-communists. No difference from the other parties.

-Punk had nothing to do with anarchy, hippies and drugs in the beginning. Today, most punks are nothing but junkies, but there are still great nationalist and NS comrades, who belong to the punk movement.

-A weapon of information and propaganda that we must use properly.

Give to our readers one ancient Hellenic apothegm so they continue to be true and faithful to our ideals!

To all those who want to take away our pride and everything that belongs to the white man: 'Μολών Λαβέ-Come and get them'. That was the heroic answer of Sparta's King Leonidas to the Persian Invaders!

Whats your future plans? You have already any material demo, CD, shirt etc? Where can our readers look for you, listen to you or even contact with you?

After our promo named '40 Years", Polish label Homo Superior, released our full cd with 13 songs under the same name. You can order it from bh_hellas@yahoo.gr and skinhead_oi84@yahoo.gr, or from label . We have a promo video in our web site and as for future plans we hope we 're giving some of our songs to skinhead compilation cds and maybe a full-length album.

So, thanks for this opportunity to make the interview with you guys! Last words yours! Regards!

Thanks for the interview, always stay proud and true for what you believe no matter how hard things might be. Hail to all comrades around the world! 14/88!

W.A.U action about abortions

Σε άθλια κατάσταση νοσηλεύεται στο νοσοκομείο έχοντας χάσει ακόμη και τη μιλιά της από το σοκ που υπέστη, μια νεαρή κοπέλα η οποία έπεσε θύμα απόπειρας βιασμού από ομάδα αλλοδαπών στο κέντρο της Πάτρας! Η νέα επίθεση έρχεται να προστεθεί σε μια σειρά κρουσμάτων που αναστατώνουν την πόλη για περισσότερο από ένα χρόνο. Πριν από λίγες ημέρες, άλλη μία γυναίκα είχε ζήσει εφιαλτικές στιγμές όταν έπεσε απόπειρας βιασμού ενώ περπατούσε έξω από το Αρχαίο Ωδείο της πόλης. Μάλιστα, οι αλλοδαποί επίδοξοι βιαστές είχαν καταφέρει να της βγάλουν το εσώρουχο πριν εξαφανιστούν στη θέα περαστικών! **Σε κρίσιμη κατάσταση στο νοσοκομείο Παμμακάριστος μεταφέρθηκε κοσμηματοπώλης που πυροβολήθηκε εν ψυχρώ με τρείς σφαίρες στο λαιμό λίγο πριν τις 2 το μεσημέρι, μέσα στο μαγαζί του στα Κάτω Πατήσια. Σύμφωνα με μαρτυρίες 2 άνδρες, πιθανότατα αλλοδαποί, του χτύπησαν το τζάμι της πόρτας, τους άνοιξε και τότε τον πυροβόλησαν τρείς φορές.** «Ανεπιθύμητη προσωπικότητα» είναι πλέον ο Λαρς Φον Τρίερ για το Φεστιβάλ των Καννών μετά τα φιλοναζιστικά σχόλια στην συνέντευξη Τύπου της ταινίας του. Σε ανακοίνωσή τους, οι διοργανωτές αναφέρουν πως ο Δανός σκηνοθέτης αποβάλλεται από το φεστιβάλ και αποτελεί πλέον persona non grata. «Το διοικητικό συμβούλιο εκφράζει τη λύπη του που αυτή η διοργάνωση χρησιμοποιήθηκε από τον Λαρς Φον Τρίερ για να εκφραστούν σχόλια που είναι απαράδεκτα, ανυπόφορα και αντίθετα με τα ιδανικά της ανθρωπιάς και της γενναιοδωρίας που διατρέχουν την ίδια την ύπαρξη του φεστιβάλ», αναφέρουν οι υπεύθυνοι στην ανακοίνωσή τους. Ερωτηθείς σε συνέντευξη Τύπου χθες για τις γερμανικές του ρίζες, ο Λαρς Φον Τρίερ είπε: «Για πολύ καιρό πίστευα ότι ήμουν εβραίος και ήμουν ευτυχισμένος που ήμουν εβραίος». «Ύστερα ανακάλυψα ότι ήμουν στην πραγματικότητα ναζί. Η οικογένειά μου προέρχεται από τη Γερμανία. Και αυτό μου έδωσε και κάποια ικανοποίηση. Τι να πω; Καταλαβαίνω τον Χίτλερ. Συμπάσχω μαζί του». «Δεν εννοώ ότι είμαι υπέρ του Δεύτερου Παγκοσμίου Πολέμου και δεν είμαι κατά των Εβραίων», συνέχισε. «Στην πραγματικότητα είμαι πολύ υπέρ τους. Όλων των Εβραίων. Καλά, το Ισραήλ είναι μπελάς», είπε. Σταμάτησε για λίγο και έπειτα συνέχισε: «Πώς να το πω αυτό; ΟΚ. Είμαι ναζί». Μετά τις προκλητικές δηλώσεις του και αφού οι διοργανωτές του φεστιβάλ του ζήτησαν εξηγήσεις, ο Λαρς φον Τρίερ ζήτησε συγγνώμη με δήλωσή του. «Αν πλήγωσα κανένα αυτό το πρωί με όσα είπα στη συνέντευξη Τύπου, ειλικρινά ζητάω συγγνώμη. Δεν είμαι αντισημίτης ή προκατειλημμένος με οποιοδήποτε τρόπο και δεν είμαι ναζί». **Ο κ. Δημήτρης Αντωνίου, 56 ετών, χειρούργος-ογκολόγος κάτοικος Χαλκίδας, κατέθεσε τον Μάιο μήνυση κατά των βουλευτών που υπέγραψαν το μνημόνιο, υπουργών, του Προέδρου της Δημοκρατίας αλλά και κατά των μελών της "Τρόικας" (ονομαστικά και με τις διευθύνσεις τους!) με την κατηγορία της εσχάτης προδοσίας. Συγκεκριμένα, παρά την ασυλία που προσφέρεται από το Σύνταγμα σε βουλευτές και υπουργούς, η έσχατη προδοσία αποτελεί αυτόφωρο έγκλημα, για το οποίο ο εισαγγελέας μπορεί να διατάξει την άμεση δίωξη χωρίς την άδεια της Βουλής. Επίσης, παρόλο που το έγκλημα αυτό διαπράχτηκε στις 6 Μαΐου, επειδη είναι διαρκές η δίωξη μπορεί να γίνει ακόμη και σήμερα – όπως και γίνεται. Ο Εισαγγελέας Πρωτοδικών Αθηνών, προς μεγάλη έκπληξη όλων μας, ΔΕΝ έβαλε την υπόθεση στο αρχείο αλλά έκανε δεκτή τη μήνυση και ξεκίνησε τη διαδικασία ορίζοντας την προανάκριση. Μάλιστα, το έκανε αυτό με ιδιαίτερη ταχύτητα: έλαβε την υπόθεση στα χέρια του στα μέσα Οκτώβρη, και μέσα σε δύο μήνες την προχώρησε (για όσους ξέρουν τους ρυθμούς αυτών των διαδικασιών, πρόκειται πράγματι για μεγάλη έκπληξη). Έτσι, ορίστηκε η προανάκριση για την Τρίτη 11 Ιανουαρίου, οπότε και κατέθεσε ο κ. Αντωνίου στον ανακριτή στη Χαλκίδα. Στην προανακριτική αυτή διαδικασία ο κ. Αντωνίου κατέθεσε συμπληρωματικά υπομνήματα και στοιχεία για την υπόθεση. Έξω από το γραφείο του ανακριτή, αρκετός κόσμος ήταν συγκεντρωμένος και τον υποδέχτηκε με χειροκροτήματα. Φυσικά η νομικές διαδικασίες στην τελική δεν θα έχουν αποτέλεσμα, οπότε η λύση βρίσκεται στην αγνή βία κατά προδοτών πολιτικών!** Θητεία Ελλήνων Πολιτικών: ΓΙΩΡΓΟΣ ΠΑΠΑΝΔΡΕΟΥ: Πρωθυπουργός, ΓΡΑΦΕΑΣ ΑΡΜΑΤΩΝ. Το 1978 παρουσιάστηκε στη Καλαμάτα. Εξαγόρασε 16 μήνες θητείας προς 19.000 δρχ. και απολύθηκε τον Αύγουστο του 1979. ΑΝΤΩΝΗΣ ΣΑΜΑΡΑΣ: Πρόεδρος ΝΔ, ΝΑΥΤΗΣ. Τον Ιούλιο του 1976 παρουσιάστηκε στο Πολεμικό Ναυτικό, τον Οκτώβριο απολύθηκε, πληρώνοντας 21.000 δρχ. με τις οποίες εξαγόρασε τους 21 μήνες. Το υπόλοιπο τρίμηνο της θητείας του το έκανε το 1977. ΚΩΣΤΑΣ ΚΑΡΑΜΑΝΛΗΣ: Πρώην Πρωθυπουργός, ΝΑΥΤΗΣ ΜΕ ΠΛΑΤΥΠΟΔΙΑ. Το 1977 παρουσιάστηκε και πήρε απολυτήριο το 1979. Ειδικότητα –προσέξτε– διαχειριστής. ΕΥΑΓΓΕΛΟΣ ΒΕΝΙΖΕΛΟΣ: ΥΕΘΑ. Το 1986 παρουσιάστηκε στη Κόρινθο. Οι γιατροί τον έβγαλαν Ι3 λόγω «παχυσαρκίας». Εξαγόρασε εννέα μήνες θητείας προς 27.000 δρχ. ΑΚΗΣ ΤΣΟΧΑΤΖΟΠΟΥΛΟΣ: Πρώην ΥΕΘΑ, ΑΠΑΛΛΑΓΗ. Το 1968 κηρύχτηκε ανυπότακτος, το 1972 έχασε την ελληνική ιθαγένεια. Το 1975 με 29.000 δρχ. εξαγόρασε 29 μήνες θητείας. ΘΕΟΔΩΡΟΣ ΠΑΓΚΑΛΟΣ: Αντιπρόεδρος Κυβέρνησης, ΦΑΡΟΦΥΛΑΚΑΣ. Το 1959 παρουσιάστηκε στο ΠΝ και απολύθηκε το 1961. Σ΄ αυτό το διάστημα με την ειδικότητα του διαχειριστή, φύλαγε ένα φάρο στον "ακριτικό" Πειραιά. ΓΕΩΡΓΙΟΣ ΚΑΡΑΤΖΑΦΕΡΗΣ: Πρόεδρος ΛΑΟΣ, ΣΜΗΝΙΤΗΣ. Υπηρέτησε στην Πολεμική Αεροπορία στο λεκανοπέδιο Αττικής και ένα μέρος της θητείας του βρισκόταν στο γραφείο δημοσίων σχέσεων της Αεροπορίας στην οδό Πανεπιστημίου! ΑΛΕΞΗΣ ΤΣΙΠΡΑΣ: Πρόεδρος Συνασπισμού, ΝΑΥΤΗΣ. Την άνοιξη του 2003 είχε επιλεγεί να υπηρετήσει στο Στρατό Ξηράς, όμως με "μέσο" στην τότε Κυβέρνηση του ΠΑΣΟΚ, κατάφερε να κάνει μετάταξη στο Πολεμικό Ναυτικό, στο Κέντρο Εκπαίδευσης Παλάσκα στο Σκαραμαγκά. Εκεί, αφού πέρασε τη βασική εκπαίδευση διάρκειας 50 ημερών, ξανάβαλε "μέσο" για τη μονάδα του: τοποθετήθηκε στη διοίκηση του Γενικού Επιτελείου Ναυτικού, στην "ακριτική" Λεωφόρο Μεσογείων, στο Πεντάγωνο, μέσα στην καρδιά του υπουργείου Εθνικής Άμυνας, όπου για να υπηρετήσεις εκεί τη θητεία σου θα πρέπει να διαθέτεις τεράστιο βύσμα. Την άνοιξη του 2004 χρησιμοποίησε ένα νόμο του Άκη Τσοχατζόπουλου, που έλεγε ότι αν είσαι στο στρατό και κατέβεις υποψήφιος βουλευτής παίρνεις προσωρινή απόλυση και επανέρχεσαι μετά. Έτσι λοιπόν απολύθηκε προσωρινά κατεβαίνοντας υποψήφιος και μετά τις εκλογές ξαναγύρισε στις τάξεις του Ναυτικού. Στο μεταξύ, η στρατιωτική θητεία είχε μειωθεί κατά τρεις μήνες και εκεί που χρωστούσε έξι (6) μήνες, υπηρέτησε τρεις (3). Ο ίδιος αναφέρει για τους τελευταίους του μήνες: «είχε πέσει τρελό σύρμα στη μονάδα ότι ήμουν υποψήφιος βουλευτής και από κει που με στέλνανε για αγγαρείες, μόνο προσοχές δεν μου βαράγανε!». Συνολικά υπηρέτησε 15 μήνες και απολύθηκε στις 28 Ιουλίου 2004, δηλαδή πάνω στους Ολυμπιακούς Αγώνες. Και μια μικρή "λεπτομέρεια": σε άρθρο του στην «Ελευθεροτυπία», τον Μάρτιο του 2007, αναφέρει: «Ο στρατός παραμένει ένας χώρος όπου βουλευτές και πολιτευτές, κυβερνητικοί ή μη, μπορούν να κάνουν τα ρουσφετάκια τους και τις εξυπηρετήσεις τους…» και «…τα αστικά στρατόπεδα υπάρχουν μόνο για να εξυπηρετούνται τα λεγόμενα "βύσματα"». Έκανε, δηλαδή, αυτό που όταν απολύθηκε άρχισε μετά να κατηγορεί.

FILOPATRIA

Hello guys! Few words for your activity till now & your line up changes.

The band started 2 years ago, and very soon we recorded our first demo 'Antidrasis Genia' icluding 2 covers and some songs in English. We performed one gig in White Xmass in York division with Whitelaw, March or Die and Section 88 in 2009, and the rest gigs in Skinhouse Hellas. We changed many line ups, John, Bill and Stellios left the band and the current one is Chris-guitars, Laz-vocals, Tank-bass and George-drums.

Which the meaning of you first album title 'Order Thru Chaos'? Talk us about your lyrics and subjects of songs in the cd.

The order will come only thru Chaos, practically and realistic, in every rotten society that reach the bottom, as Hellas is at the borders of elimination this time. The cd and its songs are based in our problems, our land, our race, and the traitors that turned our tribe from a beautiful prince to a horny slut. We have a song in Spanish for our P.O.W comrades in whole Spain and Latin America, a funny Ska parody for the zombie Che Guevara and his bitches, a tribute to the Spartans and the freedom warriors of 1821. The rest are for revolution and revenge.

We know about your upcoming split cd with Swedish Steelcapped Strength and another one with Americans Bully Boys. Few words? How it happens, what we must except from your side and how you feel about this cooperation?

'Vikings Meet The Spartans' is the next split cd with Bisson from Steelcapped, including 6 songs in English, with one cover of Violent Storm. The next is with Bully Boys, as we are still arranging the starts of our recordings. We are very lucky and pleased that we have good friends as the guys that they are many years in our scene, and they said yes to our projects without a second thinking. What can I say for them? Respect.

You have English & Hellenic songs…you will continue in this way?

We have in our mind more the English language as we want to spread our music out of our borders, but we will still write songs in Hellenic and sometimes in Spanish.

Musical influences & some of your best bands?

The early scene of Oi!, R.A.C. is the base of the band, as all the guys we have almost the same influences, but you will find some punk and psycho clues, always united in our style. As about me SKREWDRIVER, NO REMORSE, ANOTHER MANS POISON, PUBLIC ENEMY, BRUTAL ATTACK, SKULLHEAD, COCKNEY REJECTS , G.B.H. and CONDEMNED 84 are some of my favourites.

Hellenic scene & bands…comments?

Stavroforia, Razorblade Nightmare, Straightline, Pride n Pain, Battle Dogs are some of our best bands. The point is that we have to continue and to spread our music outside. If you love what you do and you have a cause, you will do it good. Unfortunately we are far of each other, so everyone has to keep rocking alone.

Society, political & national-revolutionary action. Few words about these subjects.

Sick society - corrupted politicians, this is our nowadays living. I hate them all, cause they turn our country and Europe to a modern multicultural bitch, with no sense of traditions, principles and pride. In this shit world every comrade has to resist and fight however he can, thru his speciality. Music, writings on the walls, way of life, magazines, propaganda, are some of our weapons. If we treat them clever, we can do things for our future

What you prepare in live action for the future, any gig abroad again?

We will take part in the I.S.D. gig in U.K. this September, and as I said we will try to play in more and to support our scene everywhere.

Your contacts & friendship with British B&H Division had results & we watch live here the band March Or Die. Comments and your opinion about British B&H & bands?

When I started to be Skinhead, I knew only Blood n Honour and the struggle of Ian Stuart, and this remains inside of me till now. What can I say for the lads in England? March or Die are our friends as many more guys there, and we are in contact time ago till now. We support B&H everywhere, Hammerskins and all the true lads that they have the same cause with us. All my favourite bands are from there, they are lucky people, cause they have see the start of our movement and of course they have see great bands. I would like to turn back the time and to be in one of the early B&H gigs with al the monster bands. Respect.

What it messing from our scene & what you want to change?

Is missing the unity and true meanings. You can't be this that you hate, and sometimes you have to Respect someone that has do much more things than you. But of course they are still great guys here, and these guys you choose to be with. Nothing else mate.

You have any hobby & what kind of action you prefer?

Music, families, work, reading, workout, fast cars and shotguns. haha. Well and hanging out with friends.

Best books, movies & drinks?

I read our Ancient writers, we have great knowledge treasure in Hellas but you have to search for. I like Evola, Irving, Niche and Hitler very much, but my best book that I have read is of Kratylos 'Nature – Language' one Ancient Hellene writer that explains how the Hellenic Alphabet has its roots from the Nature, with explications on every letter, and being analysed in great spiritual level. I like B movies, cult and general I see many. The Godfather I like and the 300, but I have many more that I can't choose now. Beers, good wine and tsipouro, the Hellenic petroleum for the English, haha, they know what I mean.

We wish you all the best! A message to our readers?

14 for our Families and our Kids and 88 for our Race and Cause. Regards.

ΒΑΣΙΚΕΣ ΑΡΧΕΣ ΓΙΑ ΤΗΝ ΠΟΛΙΤΕΙΑ ΤΟΥ ΠΛΑΤΩΝ

---Οι άρχοντες της Πολιτείας να είναι άριστοι (Αριστοκρατία).

---Οι άρχοντες πρέπει να είναι φιλόσοφοι. Αυτοί που αφοσιώνονται πραγματικά στην αναζήτηση και όχι σε εραστές της δοξασίας. Και αυτοί θα κάνουν κάθαρση.

---Οι τρείς ομάδες πολιτών: Δημιουργοί, Στρατιωτικοί, Πολιτικοί.

---Ανακάτεμα στις κοινωνικές ομάδες γεννά φθορά και διαφθορά (πχ ο πολιτικός δεν μπορεί να κάνει και τον εργάτη κλπ).

---Κάποιος πρέπει να κάνει μόνο μία δουλειά και όχι πολλές διαφορετικές, ώστε να την κάνει καλά και να είναι αυτή που έχει κλίση και ταλέντο το κάθε άτομο.

---Πρέπει να απαγορευτεί σε ποιητές και κωμωδιογράφους να παρουσιάζουν τους θεούς σαν κοινούς θνητούς ή να τους παρουσιάζουν σαν κακούς και εκδικητικούς και να κοπούν τα τερατώδη για τον Άδη και τον θάνατο ώστε τα παιδιά να μην διαβάζουν και φοβούνται τον θάνατο πιο πολύ και από την σκλαβιά.

---Όχι μιμιτική ποίηση αλλά μόνο ύμνοι για θεούς και εγκώμια για μεγάλους άνδρες.

---Με λυρική και επική ποίηση θα διαφεντεύει στην πόλη η ηδονή και η θλίψη αντί ο νόμος και ο λόγος.

---Η δίαιτα και η γυμναστική πρέπει να είναι μετρημένη και όχι υπερβολική, ιδιαίτερα για τους φύλακες της Πολιτείας. Εκπαίδευση στους φύλακες να αποφεύγουν τις ηδονές.

---Οι Δικαστές πρέπει να είναι γέροι και όχι νέοι ώστε με τις χρόνιες εμπειρίες τους να κρίνουν σωστά. Επίσης να έχουν καθαρή ψυχή χωρίς άσχημα προσωπικά βιώματα.

---Η πολιτεία αναλαμβάνει την εκπαίδευση των νέων.

---Μουσική και γυμναστική για τους νέους και όχι μόνο το ένα, για βελτίωση της ψυχής.

---Οι φύλακες της πόλης να μην αφήσουν να μικρίνει ή να μεγαλώσει ο πληθυσμός (έλεγχος και περιορισμός επισκεπτών/μεταναστών).

---Οι στρατιώτες δεν θα έχουν χωράφια, κτήματα κλπ, αλλά η διατροφή τους θα εξασφαλίζεται από έσοδα του λαού και του κράτους.

---Εναρμόνιση πνευματικής εκπαίδευσης και σωματικής αγωγής θα θρέψει το λογικό και με την αρμονία και τον ρυθμό εκπολιτίζει το θυμικό. Εκεί θα εξουσιάσουν το επιθυμητικό (ηδονές κλπ).

---Κοινοκτημοσύνη και ευγονική για γυναίκες και παιδιά. Εκλεκτικοί γάμοι ανάμεσα σε άξια ζευγάρια ώστε να επέλθουν οι δυνατότεροι και αξιότεροι απόγονοι.

---Τεκνοποιία ανάμεσα σε εκλεκτούς συχνότερα και θα έχουν την φροντίδα της πολιτείας σε αντίθεση με ασημαντα άτομα (ελιτισμός).

---Καθορισμός γάμων ώστε να διατηρηθεί ο σωστός πληθυσμός της πολιτείας, υπόψιν πάντα και τις κάθε απώλειες πολέμων και αρρωστειών. Αυτοί οι εκλεκτοί γάμοι να γίνονται μέσω ξεχωριστών εορτών.

---Οι νέοι που διακρίνονται στον πόλεμο και άλλα αξιόλογα κοινωνικά έργα, να έχουν το προνόμιο για συχνότερη συνεύρεση με γυναικές.

---Τα παιδιά που γεννιούνται τα παραλαμβάνει η πολιτεία σε σταθμούς με παραμάνες σε αντίθεση με τα ανάπηρα και τα κατώτερα.

---Τα παιδιά να πηγαίνουνε στην μάχη να παρακολουθούνε, παίρνωντας πάντα τα απαραίτητα μέτρα. Οι πατεράδες τους θα τα παίρνουν στις ακίνδυνες εκστρατείες και όχι στις επικίνδυνες.

---Η Πολιτεία να μην παίρνει Έλληνες δούλους, όχι στην νεκροσυλία, ούτε αφιέρωση λαφύρων, ειδικά Ελλήνων, σε ιερά (Πανελληνισμός).

---Οι φύλακες μας να μην ρημάζουν γη και καίνε σπίτια άλλων Ελληνικών πόλεων (Πανελληνισμός).

---Διαλεκτική, μαθηματικά , αστρονομία, γεωμετρία, σημαντικά στην παιδεία.

---Ο Δημοκρατικός πολίτης διαμορφώνεται υπό την επίδραση και έλεγχο του πατέρα ο οποίος θέλει μόνο κέρδος και χρήμα.

---Από την υπέρμετρη ελευθερία της δημοκρατίας γεννιέται η καταπιεστική δουλεία-τυραννία.

---Δεν έχει σημασία αν η πολιτεία υπάρχει ή θα υπάρξει κάπου, κάποτε γιατί ο φιλόσοφος – κυβερνήτης πολιτεύεται σύμφωνα με τη δική του εσωτερική Πολιτεία.

DEFINITE HATE

What happen present days with D.H. New members, any new release for the future, gigs? Give us your discography.

Definite Hate has a new line-up and new sound. New singer Andy, our 1st lead guitarist Wade, and new/old drummer Ozzie the original members left are: Dave on bass, and myself, Brent, guitar. We are in the process of a new recording due out in Oct. Our Second full length album "Madder Than Hell, Meaner Than Shit" will be available through us and we are interested in European distro. So, email us. We will be playing Hammerfest Oct. 1st in Fla., which will also be our CD release. Definite Hate/ Riot Wing- "Carolina Sons"-CD split Definite Hate- "Welcome To The South" Numerous compilations such as, "Diehard Records White Music For White People"; "Tribute to Strikeforce (In Memory of Reposkin)"; "Tribute to Skrewdriver Volume 2", "Tribute to Hammer Joe Rowan"; "Support the Cause"; "Hammerfest 2009 Live"; "Murder City Hammerfest 2010 Live"; Definite Hate/End Apathy Split 7"; and Definite Hate "Chosen Few" 7". They're may be others that I can't remember or am not aware of.

Few words for other bands that your members take part such Riot Wind, 13 Knots, Blood In The Face.

Riot Wing is no longer a band and has not been for years. Blood in the Face may be doing something, but I am no longer a part of it. 13 Knots is my side project, we did the "Justice" album and a split 7" with Kilgore, and I am in the process of writing new material as soon as we finish wrapping up MHNS album. End Apathy is Wade's side project, he plan on recording in the new year with their first album.

What about the social situation in your town? What about whole USA & your problems?

The town I live in is a small community that is full of blue-gummed niggers and wet-back aliens, It's a nice place to call home. White's are the new minority, the muds abuse the welfare system and to top it off we have a nigger president. As a whole, I say we are fucked and definitely our future generations.

Musical influences?

Everything from outlaw country, punk, RAC, hatecore, old metal, and definitely dueling banjos.

I thing in some of your lyrics except fatherland you talk also about the God. Can you talk us a bit about this? How much influences you religion? Your oppinion about KKK?

Not everyone in the band share the same beliefs on religion, but a few of us were raised in the South and we're brought up thanking God for the little bit we had. I believe in a higher power, I thank God and I curse God. The reality of it all is their is no God on this universe and we have bigger problems in this world than fighting over religion. My opinion about the KKK; in the old days they ruled with a burning cross, they are still around today. I have comrades that are members of the KKK, they stand up for the rights of Whites, I have no problem with them.

You follow European RAC scene? Few words? You know something about scene in our country Hellas?

I'm familiar with comrades throughout Europe and I admire their unity. Maybe one day the American scene will catch on and stop the inter fighting. Sorry I'm very unfamiliar with your local scene in Hellas.

What type of books you read & which your best writers, philosophers, politicians etc?

Here lately I haven't been reading much. With work, music, and raising a family, I find it hard to find time to take a shit (which is when I usually read!).

Talk us about the audience there....you have different comrades such punks, bikers etc?

We have numerous organizations that attend shows and there's normally Nazi punks, Nazi bikers, ect. All White Nationalists are welcome at our shows.

What about organizations with our ideals today? You follow anyone?

They're are a number of organizations throughout America, if they are about the advancement of our race, than I give my support. I am a Confederate Hammerskin and we are a Hammerskin band. Hammerskin forever, forever Hammerskin.

We see before years an American tv show about RAC/WP bands there and theres also your band...few words about this tv show?

Ha, Ha, Ha, yeah, that was years ago. We did it to promote White Pride and our band. I thought it came out well, even though they edited our opinions and words. Typical of the Jewish media.

Your main problem as racialist skinhead persons?

I have no problems being a racist skinhead, I think it's society as a whole that has the problem with me. I don't back down, I hold my ground. Fuck this sick society.

Thank you very much comrades! Last words are yours.

Thank you for the interest in Definite Hate and our side projects. Our new album will be out possibly by the time you're reading this. If you're interested in a copy, you can order direct from us, or you can find your local European distro's. We will fight until hell freezes over, and then we will fight on the ice. Never surrender, never retreat. Keep it White! 838. Contact me at eddieb1@embarq.com

θα περιμένεις να πεθάνεις
σαν πρόβατο επί σφαγή?

ή θα σηκωθείς και θα παλέψεις?
